\*as DOCUMENT NO. I 796389

WHEREAS, Waterfield North Limited Partnership (sometimes hereinafter the "Developer") as the present owner of the aforesaid lots, now desires to place certain restrictions on all of the lots which are shown on said plat of Waterfield North, all of which restrictions shall be for the use and benefit of the present and future owners thereof.

NOW THEREFORE, in consideration of the premises, Waterfield North Limited Partnership, for itself and for its successors and assigns, and for its future grantees, hereby declares that Lots 1-38, inclusive, of Waterfield North, as shown on the aforesaid plat, shall be and the same are hereby restricted as to their use in the manner set forth.

DEFINITION OF TERMS USED.

For the purpose of these restrictions, the word "street" shall mean any Street or Terrace of whatever name which is shown on said plat of Waterfield North.

The word "outbuilding" shall mean an enclosed, covered structure whether attached or not directly attached to the residence to which it is appurtenant.

The word "lot" may mean either any lot as platted or any tract or tracts of land as conveyed, which may consist of one or more lots or part or parts of one or more lots as platted, and upon which a residence may be erected in accordance with the restrictions hereinafter set forth, or as set forth in the individual deeds from Developer or from its successors and assigns. A corner lot shall be deemed to be any lot as platted or any tract of land as conveyed having more than one street contiguous to it. The street upon which the lot or part thereof fronts, as hereinafter provided, shall be deemed to be the front street, and any other street contiguous to any lot shall be deemed to be a side street.

PERSONS BOUND BY THESE RESTRICTIONS.

All persons and corporations who now own or shall hereafter acquire any interest in the above enumerated lots hereby restricted shall be taken to hold and agree and covenant with the owner of said

I1718P1896

lots, and with its successors and assigns, to conform to and observe the following covenants, restrictions and stipulations as to the use thereof and the construction of residences and improvements thereon for a period of time ending on January 1, 1987, provided however, that each of said restrictions shall be renewable in the manner hereinafter set forth.

SECTION 1. USE OF LAND. None of said lots may be improved, used or occupied for other than private residence purposes, and no flat or apartment house, although intended for residence purposes, may be erected thereon. Any residence erected or maintained on any of said lots shall be designed for occupancy by a single family.

SECTION 2. FRONTAGE OF LOTS. For the purpose of these restrictions, the lots or part or parts thereof described herein shall front or present a good frontage on the street or streets upon which the lots abutt.

SECTION 3. FRONTAGE OF RESIDENCES ON STREET. Any residence erected wholly or partially on any of the following lots, or on any part or parts thereof, as indicated in the Section, shall front or present a good frontage on the street or streets upon which the lot abutts.

It is provided, however, that if any part less than the whole of any corner lot is acquired by the owner of an inside lot contiguous to said corner lot, then, as to the part of the corner lot so acquired, the provisions hereof requiring a residence erected on a corner lot to front or present a good frontage on two or more streets shall not be operative, but the part of the corner lot so acquired shall be deemed to be a part of the inside lot to which it is contiguous, as to the restrictions governing the frontage of the residence on the street, and the part of any corner lot so acquired shall be subject to the restrictions applicable to the inside lot.

SECTION 4. PERMITTED HEIGHT OF RESIDENCES. Any residence erected on any of said lots shall not be more than two stories in height excluding walkout basements, provided, that a residence more than two stories in height may be erected on any of said lots with the consent in writing of Developer.

SECTION 5. REQUIRED SIZE OF RESIDENCES. Any residence one story in height erected on any of said lots shall contain a minimum of 1,500 square feet of enclosed floor area, and any residence more than one story in height erected on any of said lots shall contain a minimum of 1,700 square feet of enclosed floor area, of which at least 900 square feet shall be on the first floor.

The words "enclosed floor area" as used herein shall mean and include in all cases areas on the first and second floors of the residence enclosed and finished for all-year occupancy, computed on outside measurements of the residence, and shall not mean or include any areas in basement, garages, porches or attic. Developer shall have and hereby reserves the right to reduce the floor area requirements set forth above, provided the total reduction for any one

I1718P1897

residence may not exceed 20 percent of the minimum floor area requirement for such residence.

SECTION 6. SETBACK OF RESIDENCES FROM STREET. No part of any residence, except as hereinafter provided, may be erected or maintained on any of said lots nearer to the front street or the side street than is the front building line or the side building line shown on said plat of Waterfield North on the lot or lots on which such residence is erected, provided that Developer shall have and does hereby reserve the right in the sale and conveyance of any of said lots to change any building line shown thereon, and may at any time thereafter with the consent in writing of the then record owner of the fee simple title to any lot, change any building line that is shown on said plat on such lot, or which may be established by it in such sale or conveyance, provided, however, that no change may be made at any time which will permit the erection or maintenance of any residence on any lot, exclusive of those projections hereinafter set forth, more than 10 feet nearer to the front street or 5 feet nearer to the side street than is the front building line or the side building line shown on said plat on such lot or lots. Reference is made herein to front and side building lines for the purpose of determining the location of any residence with reference to the adjoining street or streets, and in case of relocation of any of said streets, changes may be made by Developer in any of said building lines, provided that such building lines shall in no case be established nearer to the new location of any of said streets than are the building lines shown on said plat with reference to the present location of said streets, and provided further, that Developer shall have and does hereby reserve the same privilege of changing the location of any such new building lines so established as it has in the case of those shown on said plat, and further provided that the widening of any of said streets shall not, for the purpose of these restrictions, be deemed a relocation of such streets.

Those parts of the residence which may project to the front of and be nearer to the front street and the side street than the front building lines and side building lines shown on said plat, and the distance which each may project, are as follows:

(a) Window Projections: Bay, bow, or oriel, dormer and other projecting windows not exceeding one story in height may project beyond the front building lines and the side building lines not to exceed 2 feet.

(b) Miscellaneous Projections: Cornices, spoutings, chimneys, brackets, pilaster, grillework, trellises and other similar projections, and any other projections for purely ornamental purposes, may project beyond the front building lines and the side building lines not to exceed 2 feet.

(c) Vestibule Projections: Any vestibule not more than one story in height may project beyond the front building lines and side building lines not to exceed 2 feet.

I171EP1898

(d) Porch Projections: Unenclosed, covered porches, balconies and porte cocheres may project beyond the front building lines not to exceed 6 feet.

SECTION 7. FREE SPACE REQUIRED. The main body of any residence, including attached garages, attached greenhouses, ells, and porches, enclosed or unenclosed, covered or uncovered, but exclusive of all other projections set forth above in Section 7, erected or maintained on any of said lots shall not occupy more than 80 percent of the width of the lot on which it is erected, measured in each case on the front building line as shown on the aforesaid plat or as established by Developer in the conveyance of such lot, or on such front building line produced to the side lines of the lot, whichever line is of greater length; and any such residence, exclusive of those projections specifically referred to in subparagraphs (a) and (b) of Section 7 hereof, shall be set back at least 7 feet from both of the side lines of the lot on which it is erected.

It is provided, however, that the maximum width of any residence which may be erected on any of said lots may, with the consent in writing of Developer, be increased by not to exceed 10 percent of the width of such lot, measured as above provided. It is further provided that the required setback from the side lines of the lot as herein provided may, with the consent in writing of Developer, be reduced by not to exceed 33-1/3 percent of the amount of the required setback; provided, however, that this reservation shall in no way whatsoever affect the provision relative to the change in said building lines as set forth in Section 7 herein.

In case the frontage of ground used with any residence is greater than the required frontage, then for the purpose of limiting the width of the residence and establishing its location with respect to the side lines of the lot, the frontage so used shall be deemed to be the required frontage and the provisions of the Section shall be construed accordingly, and if any residence of the maximum width is built or maintained on any lot, then thereafter the frontage used may not be reduced on that lot as long as that residence is maintained thereon, and the same provision shall apply as to the location of any residence with respect to the side lines of the lot. The used frontage may be reduced at any time by the conveyance of a part of the lot provided that it be not reduced below the minimum number of feet required with any residence of a width that might be then erected thereon, based on the provisions of this Section; and provided further that in no case may it be reduced below the minimum required frontage specified by Section 6 hereof.
